They can become accustomed to only seeing staff members then develop a fear of strangers (potential adopters)

### We encourage everyone to come volunteer!

\*Please call ahead to set up a time to volunteer\*

### The Second Chance Resale Shop.

# HAPPY TAILS

## BLANCHE

**Blanche was afraid OF EVERYTHING when she came to the shelter.**

It took her a month before she would let us pet her and when her adopters came to see her, she cowered in fear. We thought it would take her a long time to warm up to her new home and family, but boy were we wrong! She jumped right into her daddy's lap and cuddled up with him the first chance she got. We are so grateful for the people who took Blanche home and gave her a chance.

## MURPHY (KANDAR)

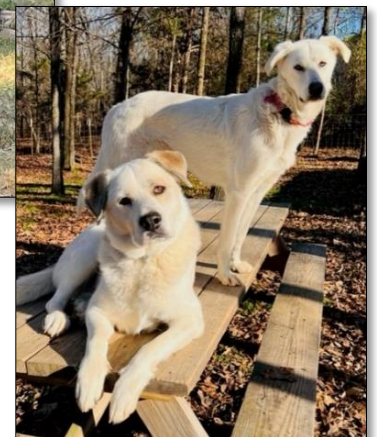

**Poor Kandar was a lost soul.** He loves life and everything about it, but he was down on his luck. His family didn't want him anymore, he got attacked by another dog, then was adopted and returned within the same day at no fault of his own. Out of nowhere, a wonderful family decided to open their home to Kandar, now Murphy. He couldn't be happier! He has a new "brother" and is often going on adventures. Murphy is living his best life, thanks to his new family!

# LONELY HEARTS CLUB

SCHS strives to find permanent homes for our animals. As one gets adopted, another one is taken from our wait list. **Unfortunately, some cats and dogs do not get adopted and become long term residents.**

These deserving animals may have gone unnoticed by would be adopters because they are:

**-Too Shy to Make a Good First Impression**

\*Some animals are shy and need more than one visit to be comfortable around a new person

**-Loud or Too Big**

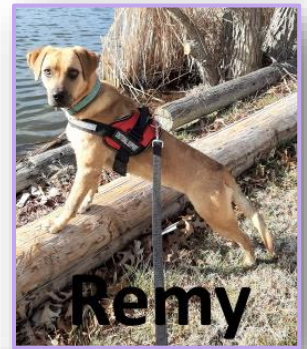

\*Small dogs get adopted fast

\*Loud because they crave affection and attention

**Older dogs and cats** can be gentle and provide much love and comfort but often get overlooked because of age or appearance.

When an adopted animal goes from a shelter to a home, the transition can prove to be miraculous. **Given enough time and love, they blossom into happy, contented family members.**
